### DETAILED ACTION

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 2-5, 8-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Cowdery et al. USPN 4,445,511.

Cowdery figure 7a shows 4 terminals (48, 46) having first and second bores communicating therewith, first and second passageways generaklly shown as 60 (4 such passageways) and third and fourth passageways extending to the terminals with set screw threaded members therein. (fig 7c).
